Measles Epidemic Continues Sweep

With measles cases still being reported in epidemic figures in Los Angeles county, indications are that the total cases will reach around 40,000 before the disease subsides, according to Dr. W. L. Halverson, county health officer.

Not only that, but the number of typhoid fever cases now being reported are also running considerably above normal, according to the department, with almost as many cases reported for the year to date as for an entire year for the last five years.

Typhoid fever is a comparatively rare disease now, because modern medicine and sanitary science has almost conquered it. There have been 17 cases so far this year in the county, against an average of 18 annually for the last five years.

But measles is a different story, with 32,285 cases so far this year, as against only 1,671 annually for the last five years. About 1,500 new cases are being reported each week, whereas the average for the last five years is around 155.

Summer Starts Next Sunday

Saturday, June 20, will be the longest day of the year.

The sun will then be at the northern solstice where it is farthest from the earth.

Next Sunday, June 21, is the official first day of summer.

Advent of daylight saving in California, with sunsets at 8 p. m., is a new experience to many residents here.

Latest sunset will be next Wednesday, June 24, when the sun will sink below the Pacific at 8:59 p. m. From then on until July 8, the almanac reports, the sun will set at 8:07 p. m.

Firestone Uses Ads to Announce Summer Sales

A seeming paradox in the field of merchandising is the Firestone Tire & Rubber Co.'s big scale newspaper advertising campaign just launched in 3,200 papers, including The Herald, despite the fact that tires and tubes, which ordinarily constitute the bulk of Firestone dealer and store sales, cannot be sold except to those relatively few car owners who are entitled to eligibility certificates for tire purchases.

The basic reason for this nationwide campaign is the fact that Firestone is going right ahead with its annual early summer merchandising program, emphasizing this year its widely diversified line of home and auto supplies in addition to tires and tubes. The first of the series of advertisements featured luggage, auto radios, garden tools, auto accessories and kitchen equipment.

Altho the Firestone Co. is engaged in the production of a wide range of war materials, it is the management's policy to take every precaution to safeguard the welfare of its dealers and stores during the wartime emergency period by supplying them with new and varied types of merchandise, the sale of which is not restricted by rationing or freezing decrees.

The 1940 census found 126,947 Japanese in the continental United States, of whom 47,805 were foreign-born and therefore ineligible for citizenship. In the territories and possessions were an additional 158,501 Japanese, including 37,512 foreign-born.

Air Raid Wardens to Benefit from Ball Series with Auxiliary Police

Torrance Auxiliary Police and Air Raid Wardens are "a-feudin'" these days—but all for a good cause.

The Civilian Defense units are practicing regularly at the city park diamond for a series of baseball games, the first one scheduled for Friday evening, June 26, to decide the "city championship."

All proceeds from the games will be turned over to the Air Raid Wardens to equip their sector posts with necessary supplies for the benefit of all residents.

Tickets for the games, which will be played June 26, July 3 and 10, at 7 o'clock, will go on sale soon. Admission is 17 cents with men in uniform and children to be admitted free.

Professional or semi-pro players will not be used in the lineup, according to Auxiliary Officer Dan R. Baird, 2554 Sonoma ave., who first proposed the benefit games. Baird is an Auxiliary Officer while his wife, Kathryn, is an Air Raid Warden.

If Bombs Fall In offering reasons why Torrance residents should buy tickets for the contests, Officer Baird writes: "Under present conditions when you or yours suffer some injury, you call a doctor who comes to your assistance immediately. If bombs fall, it will be impossible for him to do this. Now, when fire strikes your home, you call the fire department which responds promptly to extinguish the blaze. If bombs fall, your city firemen will not be able to rush to every house-fire.

"When a prowler or thief is about, you call the police department these days and the officers go right to work on the case. If bombs fall, the regular police will be needed for more serious work. These various branches of public service, which we have come to depend on, will still be serving us in event of an air raid but they will be unable to respond to individual calls.

"Your doctor will be serving in a casualty station, your fire department concentrating on large blazes and your police department will be swamped with important, vital work. You as a civilian will be on your own with the various Civilian Defense units to help. They are the ones that you must look to for assistance if bombs fall.

Asks Public to 'Play Ball' "In order that your Air Raid Wardens may properly function, certain supplies and equipment are urgently needed for their sector posts. The Air Raid Wardens are giving you their time, effort and, if need arises, their lives. They believe you are willing to do your part. Attendance at the Warden-Police ball games will provide money for the equipment which can be obtained only by voluntary subscription.

"We of the Auxiliary Police are glad to help the Wardens get this material—we know the Wardens are ready to 'pitch in' for Torrance and we hope Torrance is going to 'play ball' with the Wardens by buying tickets to the games," Baird stated.

Mobile trailer laboratories of the Public Health Service are used to examine milk and water samples in some army maneuver areas.

Metropolitan Chicago has nearly 8,000 churches with members and adherents in excess of three million.

Ray Sleppy Wins Golf Tourney Finals

Ray Sleppy of Torrance concluded his campaign at Cheviot Hills by thumping Ralph Wolf in the finals of the Cheviot Hills Invitational golf tourney by a 3-and-2 margin Sunday. Sleppy shot a 70 to win the match, while Wolf, in losing, carded a 72.

SOME GOOD NEWS Out-and-out opposition to Mussolini and Fascism is reported. organizing in northern Italy. If that is true, it adds to the good news of the day.

There is a shortage of telephone instruments in Egypt and new subscribers are being refused service.

San Pedro scored eight points in Class C event. Jefferson high won the city league crown but failed to pile up the margin expected. Fremont ran second with University taking third. It was the sixth straight city championship for Jefferson.

Dorsey captured the Class B crown while Fremont annexed Class C championship.

Torrance Boys Sign Up For Summer Camp

Ten Torrance boys have signed up for the Y. M. C. A. camp at Little Green Valley, June 27 to July 3. Charles W. Alford, boys' work director, reports that the entire period at Little Green Valley has been reserved but provision has been made at the Y. M. C. A. Round Meadow Camp for the period Aug. 28 to Sept. 3, for another group. The camps are both run by the Los Angeles Y. M. C. A.

The later period will give a chance for Torrance boys to go who have not already registered. Registrations may still be made with Richard Sindair, at 1187 22nd st., who is a member of the district Y. M. C. A. boys' work committee.
